Reena Jadhav

Founder | CEO | Board Member
Thriving through Cancer, Autoimmune & Menopause

About Me

Reena is a Board Member at Stanford Health Care - ValleyCare and Chair of the Compensation and Workforce committee. She founded the World AI Forum (WAIFO.org) to promote AI for Good and curates a weekly newsletter on the topic. She created BlissWork.com to promote science-backed well-being practices and founded FreeMeals.org to combat hunger during the COVID-19 pandemic. Reena is passionate about transformative ideas and aims to create meaningful change.

Speaking Topics

- Autoimmune journey and results

- Insights through 111 interviews with renowned physicians and healers

- Biohacking results after spending a mini fortune

- Menopause success with weight loss, anxiety, insomnia & brain fog
